ABOUT ME

Currently pursuing a diploma for Infocomm & Security in Nanyang Polytechnic. I am constantly striving for excellence in any tasks I do. My strong sense of responsibility and time management allows me to handle multiple projects at once and complete it well. From my past experiences, I have gained leadership skills enabling me to lead and co-ordinate my team to handle group assignments beyond the expectations set for us. Other than programming and studying, I also do a fair share of sports to balance my lifestyle out.
